# ABOUT PHMEF

**MISSION:** To support excellence in education in all 15 P-H-M schools

## History of P-H-M Education Foundation

In 1996 PHMEF was established as an independent, nonprofit 501(c)(3) organization dedicated to supporting the educational mission of our schools. The Foundation develops alternative sources of income to support learning while strengthening the partnership between schools and community.

Dedicated business leaders, administrators, and community volunteers, representing a cross-section of the school community, serve as the board of directors.

PHMEF supports education through awarding innovative teaching grants, scholarships to students, staff development and other corporation-wide initiatives.

PHMEF's funding comes from special events such as its premier Silver Mile Health & Fitness Fair, Casino Night, Superintendent's Luncheon, Annual Drive, Phone-A-Thon, Naming Rights Campaign, Corporations for Education, Thank a Teacher, and individual donations.

**VISION:** Become a premier education foundation

# Corporations for Education

In 2007, law firm of May Oberfell Lorber wanted to help make a difference in the educational opportunities available to students at Walt Disney Elementary School - its neighbor to the east. Through a generous corporate donation, a summer reading program was established. Soon other businesses wanted to be a part of supporting public education which developed into Corporations for Education (CFE). Business make a 5-year pledge that allows programs to grow with confidence that funding will continue.

**China Cultural Exchange Program** – Open to all P-H-M middle school students, this program offers a unique experience for students. Every other year, P-H-M students travel to China to learn about its cultural and customs. P-H-M students visited China and stayed with host families

**Gibson Title-1 Mentoring Program** - \$5,000 – Started as a pilot program at Meadow's Edge Elementary, this after school program is now at all five P-H-M Title 1 schools for students who need additional support on standardized testing.

**Kingsmen Art Gallery** – \$1,134 Penn Curator Barb Miller oversees the gallery, which work from professional artists, Penn students and staff.

**Robotics (FTC and NIC FLL Tournament)** – FTC - \$5,000 – essentials for five robots; North Central Indiana FIRST Lego League Tournament - \$3,530.

**VEX** - \$800 – Comprehensive program that provides STEM related activities through robotics. This year, CFE supported Schmucker Middle School's program.

**Running is Elementary** – \$9,700 Now in its 11th year, RIE engages all fourth- and fifth-graders in P-H-M in a 6-week running club that culminates in an event at Elm Road Elementary. Because of the CFE sponsorship, RIE continues to be a free event for students. Kids learn about health and fitness, with the end goal of them becoming lifelong runners. Approximately 700 students participated.

**Young Author's Conference** – \$2,000 Each year, a children's author is featured at the half-day event at Schmucker Middle School. Students in kindergarten through fifth grade rotate stations that include a reading from the featured author; writing mini-camps; and song and dance time. Parents have the opportunity to learn how to encourage and strengthen children's writing skill.

# NAMING RIGHTS

*Pursuing excellence through naming rights campaign*

The P-H-M Education Foundation, in conjunction with P-H-M School Corporation, launched a naming campaign in 2014 to support our existing endowment at the Community Foundation of St. Joseph County. In our pursuit of excellence, the Foundation's endowment will provide permanent additional funding of programs for outstanding students and teachers.

Naming rights is a 12-year partnership, payable over 5 years, that highlights a commitment to excellence in P-H-M. Signage will include name and/or company logo that will be associated with a specific property or program within the Corporation.

We invite you to be a part of a large and diverse group of individuals, professionals, and companies who support excellence in education. You may specify who your donation is in honor of, make a donation on behalf of another person, or even gather a group of people to pool donations ( ex. The Class of '78).

# SCHOLARSHIPS

## John and Bertha Anderson

John and Bertha both graduated from Indiana University and know both the honor of that graduation and the hard work it took to achieve. Their children decided upon this kind of scholarship because they realized they fit the profile of an above-average student rather than one with the highest grades in high school. The oldest was a pharmacist, his sister was a teacher, and the youngest son works in procurement for Boeing. None of them could have achieved these results if they had not worked hard in college.

This following were awarded a \$500 four-year renewable scholarship:  
Conner Fisher - Indiana University

## Larry Beehler

Named after P-H-M School Board Trustee, the Larry Beehler Scholarship provides a \$1,000 scholarship to a graduating Penn High School senior. This year's recipient and the school he will attend is:  
Bradley Pierce - Purdue University

## Howard and Ruth Hensler

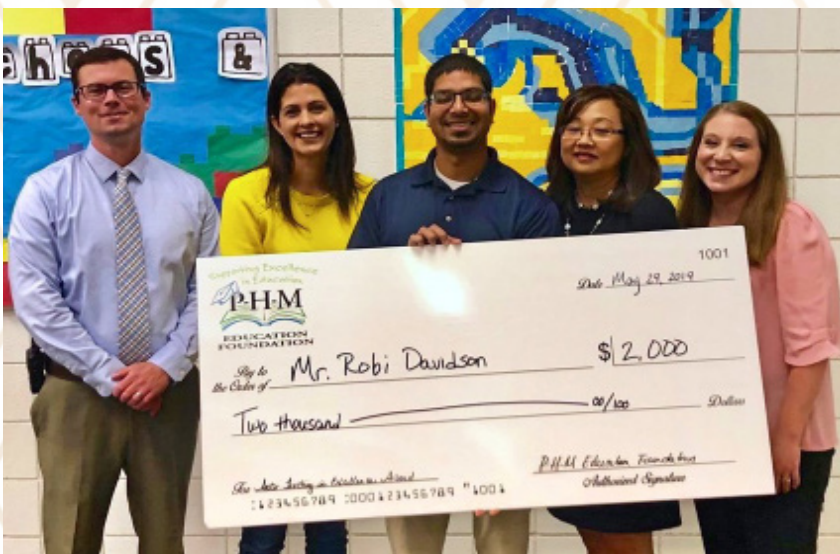

The following individuals were awarded a \$500 four-year renewable scholarship through the Howard and Ruth Hensler Scholarship Fund.  
Renewables:  
Olivia Adams - IUPUI  
Mitchell Hunsberger - Ball State University  
Zack Storm - Ohio Technical College

## Dr. and Mrs. Jerry Thacker

With the knowledge of the importance that education plays in the lives of individuals and communities, Superintendent Dr. Jerry Thacker and his wife, Donna, established an annual \$1,000 scholarship fund in 2006-2007 to be given to one academically outstanding student. This year's recipient and the school he will attend is:  
James Morris - Purdue University

## Jeneane Arter Teaching In Excellence Award

*Annual recognition named after Northpoint Elementary teacher*

Established in 2016 by Jason and Darla Lippert (P-H-M parents), the Jeneane Arter Teaching in Excellence Award honors an outstanding P-H-M staff member who has made a lasting impact on a student's education.

P-H-M students nominate a P-H-M staff member through a one-page essay. PHMEF's grants committee makes the final selection. This year's award winner was Mr. Robi Davidson, Walt Disney Elementary music teacher.

Mrs. Darla Lippert, Walt Disney Principal Ryan Towner, and P-H-M Education Foundation director Mari Linn Wise surprised Mr. Davidson with a \$2,000 check.
